

Pectus Program Facts and Stats

Phoenix Children's Hospital has become the #1 volume Pediatric destination hospital for the Nuss Procedure to treat pectus.

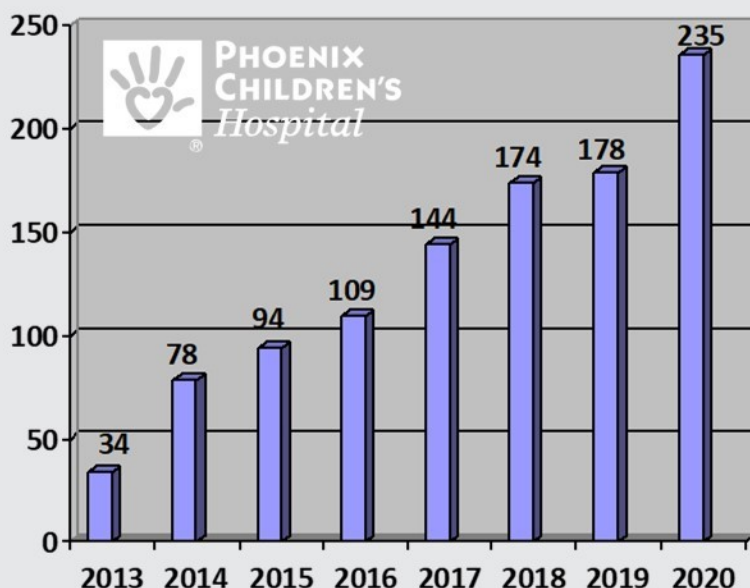

Three of the top five Pectus Surgeons in North America are in Phoenix at Phoenix Children's Hospital and Mayo Clinic Arizona**

**Based on reviews at Pectus.com

With modifications and improvements made to the Nuss Procedure, our Pectus Surgeons have successfully performed over 320 Nuss procedures with cryoablation with outstanding results.

Chest Wall Anomalies Surgeries

The Pectus Team at Phoenix Children's Hospital:

Jae-O Bae, MD
Craig Egan, MD
Ramin Jamshidi, MD
Justin Lee, MD
Lisa McMahon, MD
Mark Molitor, MD
David Notrica, MD
Daniel Ostlie, MD
Ben Padilla, MD
Kristin Mihalcin, MHS, PA-C

The innovative techniques utilized at Phoenix Children's are being taught to surgeons all over the world, including Russia, Australia, Canada, Chile, Turkey, Indonesia, Ecuador and Costa Rica. We recently hosted our 4th Advanced Pectus Course with 81 Attendees.

Phoenix Children's has created a Chest Wall Anomalies Clinic for patients with pectus excavatum, pectus Carinatum and slipping ribs with Lisa McMahon, MD, as the medical director of the Chest Wall Anomalies Program.
